\$50,000 To Start Pool Work

BELLE GLADE—When \$50,000 has been collected in cash and pledges, negotiations will be started for the Belle Glade swimming pool construction, the pool committee agreed at a meeting this week.

The total now stands at \$37,291.21 in cash and pledges, Secretary Edwina C. Young reported to the committee. Chairman Eugene Ellis led the discussion of having various organizations sponsor fund-raising programs.

Gold-Dobrow Theatres have offered a two-day run at the Hugo Theatre for a picture of the committee's choice, proceeds to go to the fund. The Cee Jays Orchestra has offered its augmented services to play for a Jaycee-sponsored "family night" dance to raise money.

Plans Committee Chairman Sara Creech said that her committee was prepared to meet with architects on plans, and submitted a T-shaped plan as desirable from among eight the committee have on hand.

NEW STAFFERS AT. EV. FED.

BELLE GLADE — Two new appointments to the staff of the Everglades Federal Savings & Loan Association were announced this week by President Hugh J. Bratley.

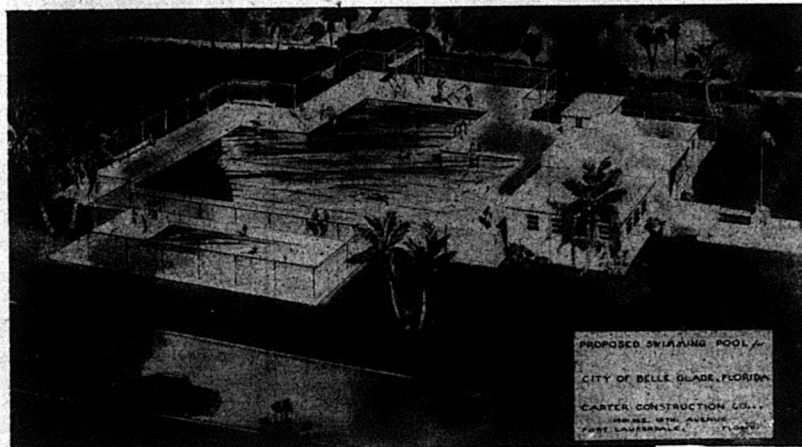

Richard Poston, formerly of Riviera Beach, is new assistant to the president. Miss Wanda Mackey, of Belle Glade, will begin work Monday as assistant to Treasurer Mary Lou McDonnell.

Poston, who was born and raised in West Palm Beach, has been engaged in real estate, insurance, and appraisal work as Poston Real Estate & Insurance Agency at Riviera. He formerly was in the same type work in Cocoa.

A veteran of two years in the U. S. Marine Corps overseas, Poston is a graduate of the University of Florida. He and Mrs. Poston and their two children are now living at 624 SE First St., Belle Glade.

Miss Mackey, daughter of Mr. and Mrs. R. P. Mackey, of Indian Mound, is a graduate of Belle Glade high school. She attended Florida State University, majoring in accounting. Miss Mackey was on the dean's list at college both semesters of the past year.

CAMERA REPORT: Pool, Vandalism

A PROPOSED PLAN for the new Belle Glade swimming pool is interpreted in the above rendering, of a modified "T" shape.

VANDALISM IN PAHOKEE Builders, Inc. houses Saturday night (right) included kicking out sections of finished ceiling, as Wiley Tillis points out to Owen Todd in the latter's house. Among other damage to five houses: a bathtub smashed, boxes of tiles thrown and broken, electrical fixtures ruined.

Mrs. Barfield, Pioneer, Dies

PAHOKEE — The death on Saturday of Mrs. Sarah Ann Barfield, 87, deprived the Glades of another of its pioneers, and Florida of a third generation native.

Mrs. Barfield, who as Miss Osteen, of Volusia County, married Texan Samuel A. Barfield at the age of 18, came with her husband to West Palm Beach in 1900 and to Pahokee in 1920. Their home became known in the early days of no lodging, no roads, and wild animals, as a haven for hunters and travelers stranded in the Glades.

Miss Lula Barfield, with whom her mother lived, was the source of first interest in the Glades for her parents when she accepted a teaching job at Canal Point in the early days. Mr. Barfield died in 1935 after many years of farming here, and Barfield Highway is named as a memorial to him.

Funeral services for Mrs. Barfield were held Tuesday at 2 p.m. at Pahokee First Methodist Church, with Rev. A. D. Houghlin, pastor, officiating. Burial was in Woodlawn Cemetery. (Continued on Page 10)

Vandals Have \$2,000 'Fun' In New Pahokee Builders Houses

PAHOKEE—Damage estimates to five Pahokee Builders, Inc. new houses attacked by vandals rose yesterday to an estimated \$2,000 as builders reviewed damage which shows distinct traces of more juvenile delinquency.

BULLETIN

A meeting of South Bay City Commission was called by Mayor S. J. Fisher last night, for the purpose of holding a public hearing. No details were available at OBSERVER press time.

★ ★ ★

SOUTH BAY — City Commission has acted to relieve Police Chief R. C. White of all of his duties except his elective office, according to Mayor S. J. Fisher on Wednesday.

The action was taken at a full Commission meeting "at the request of the citizens of South Bay to do something," according to the Mayor.

Fisher said Ben Austin would take over management of the city maintenance and water and Commissioner I. P. Roberts that of building inspector.

Reached at his home, during his vacation which ends next Tuesday, Chief White told OBSERVER he had no statement to make at this time. He said he had not been officially notified of the Commission action, but had "heard about it."

In other Commission business this week, authorization was given to start building an extension on SW Fifth St. to the canal and work was begun.

It was decided to send a proposed plan and a map to the State Road Department showing a change in the cut-off from S. R. 80 to Highway U. S. 27 and to request a stop-light at the intersection as a safety factor.

Commission voted to accept the City of Belle Glade's proposal to dump garbage on the Belle Glade dump at \$1.25 per day, a temporary arrangement.

Further action is to be taken on all condemned buildings and a period of 30 days is being allowed for meeting building requirements or court action will be taken to have said buildings demolished.

NEXT WEEK: VACATION

Next week's issue will be the annual Vacation Edition of OBSERVER, mainly pictorial, and printed in advance so that the staff may take a deserved rest. Our man Pat Elliott will defer his vacation, however, to keep the office open Monday through Friday of next week, 8 a.m. to noon, for calls and callers.

It took a while—but I made it.

I wouldn't want my woods-bound Virginia relatives to know it, but I up and became a fishing dog last weekend. Ah, it's a glorious feeling!

There I was, lying sulkily on a porch (I was sulky because I burned my paw trying to reach into the barbecue pit), when the bosses scooped up me and the frenzied pup Lisa and pitched us into a boat.

It's now or never—you are going fishing, they said.

No, please no, I whined, clapping my paws in attitude devout—you know I hate boats.

Meantime, Lisa, too dog-brained to know any better, was already having fun upsetting tackle boxes and making a bed in the boat cushions.

So, helpless, I clutched a gunwale as we roared across the lake. My ears turned inside out with indignation and self-pity, but I was trapped.

After an endless while we stopped, and everything was peace and quiet. Lines were put out, and Lisa and I were told to quit scratching in the bottom of the boat.

Then whomp! a writhing, jumping, wet thing was plunked into the boat, to the cheering accompaniment of Boss No. 2, who is known all over Florida as the fisherman least likely to catch a n'y fish anytime anywhere.

I turned away in disgust, while Lisa jumped around madly after the fish (it was something quite active called a blue bream) and general conducted herself badly. She was finally borne off by human hands while somebody else disengaged the fish from the hook.

This kind of thing went on perhaps four times, and the fifth time, I was slapped over my wrinkled nose by another blue bream.

And that did it. It smelled WONDERFUL. Shouldering Lisa out of the way, I got hold of that fish and bit down.

And now I know.

There is nothing to beat the taste of fresh bream scales. I haven't had such pleasurable chewing since the time I ate a Cuban sandwich on the back seat of the car.

With vacation starting today, I am going to be rabbit-chasing for a week, in the north.

But just as soon as I get back home, I will sound my new, beautiful battle-cry: "Anyone for fishing?"

WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON—It was with deep regret that the Nation learned of the sudden and unfortunate illness of our very able majority leader, Senator Lyndon Johnson. My good friend and colleague will not be able to return to his duties this session, and his fine leadership and capabilities will be greatly missed. Thanks to the efficient manner in which he has directed affairs of the Senate, we are well ahead of the legislative calendar; and we are striving to carry on to finish the work of this session in a manner which would make our leader proud.

Following a resolution introduced on July 5th, it was indeed impressive as the entire Senate body stood in silent prayer for the rapid and complete recovery of this great man.

NAVY CONSTRUCTION AWARDS: In letters this week to Secretary of the Navy, Charles S. Thomas, and Admiral E. C. Crawford, Commandant of the 6th Naval District, I have requested a full report on all architectural, engineering and construction work that has been awarded in Florida to out of state firms. It doesn't seem economical or proper for the Department of Navy to grant contracts to out of state firms when there are Florida organizations which are capable of doing the work.

Admiral Perry, Chief of the Bureau of Yards and Docks, has informed me that he has instructed his field officers to give full consideration to interested Florida firms and to joint ventures which include these firms in considering future Florida projects.

MASTER STROKE: It isn't every freshman congressman who calls for a Congressional investigation and then is lucky enough to have it held in his own home town and to have a starring role in the proceedings. But, it looks like Dante Fascell did it.

When a Miami newspaper uncovered what they claimed was "misuse" of the U. S. Mails, Fascell called for an investigation. Last week, the Post Office and Civil Service Committee okayed the probe, and it looks like at least one hearing will be held in Miami. As a member of that committee, the Miami congressman certainly will have a made-to-order opportunity to display his abilities to his constituents.

WHAT STATE - WIDE RACE?: We asked Congressman Bill Cramer the direct question, "Are you going to run for the Senate?" His ready answer, "No comment!" I am completely dedicated to the idea of Florida becoming a two-party state. I like to think that I have had something to do with bringing it about and I'll continue to do all I can to build up the two party system in Florida." In Cramer's office at the time was C. Harold Alexander, of Fort Myers, Republican National Committeeman for Florida. We asked him what he thought of Bill running for the Senate. "You'll have to ask Bill," he said. "I will say that the Republicans are gaining in Florida and I feel that he could win any statewide race that he might enter. He has a great future ahead of him."

Neither Rain Nor Hail ... Nor Broken Boxes!

Red Fowler, local R.F.D. mailman, got an English car—with a right-hand drive so he can stuff mailboxes from behind the wheel.

"It's great!" Red reports. "But it would work a lot better if all box holders would follow regulations. A mailbox should be 40 inches high, on the right of the road... within reaching distance from a car window. If one is knocked down, the owner should make repairs pronto."

Come to think of it, Red is pretty good about his obligations—delivering packages, supplying

stamps, cashing money orders—saving us trips to the Post Office. Let's fix up those boxes so he can get his chores done fast.

From where I sit, obligations always work both ways. For instance, I figure that I'm obliged to respect your right to enjoy your favorite beverage—be it coffee, tea, beer, buttermilk or whatever. Why? Because I'd expect you to do the same for me. The Golden Rule should be followed "to the letter" by everyone.

FLORIDA POWER & LIGHT COMPANY

BUSY NIGHT FOR BG COMM.

BELLE GLADE—In a busy session lasting well beyond 11 p.m. Wednesday, City Commission ordered the demolition of three more condemned buildings, paved the way for a new "white way" on No. Main St. and Ave. A, and voted to extend city water pipes farther into the rim canal in hopes of clearing up local water conditions.

Demolition is to start within 30 days, Commissioners Walter Ashley, Zack Ingram, H. O. Carlton, Herman Close and Eugene Ellis ordered, of the buildings at 717 SW Ave. B Pl. owned by Robert Cooper, and of the old Cotton Club building owned by Helen and Jack Ersoff.

Others June 1

Commissioners lay down demolition orders effective June 1, 1956, on another Cooper building, Nick Jones' place, J. T. Houston's three store and rooming buildings at 200 SW Fifth, and on Lily Nunn's 10-room establishment at 741 SW Ave. B Pl., as well as on some four dozen other unsafe or insanitary premises.

William C. Young was granted a delay to Oct. 1 to either get rid of or demolish an apartment adjoining the Shaw Bros. plant. City Building Inspector W. L. Cunningham reported that Fletcher Dames' condemned building already was demolished and that certain A. L. Multach buildings were in the process of being demolished.

After City Manager Clarence Robinson reported on costs to Clewiston of that city's white way lighting, and probable cost to the City of Belle Glade to install its own white way, Commission voted to ask Florida Power & Light Company to install and maintain the white way of 31 lights at a cost of \$2,600 a year over and above the \$600 now paid by the city, for a total of some \$3,200. Commission voted to pay this annual cost from franchise rebate funds.

Water Tests

City Water Superintendent Clarence Throop and Robinson reported on depth and distance tests made on water from the rim canal. Commissioners voted to try for better water by

spending some \$1,200 in pipe and materials to extend two 12-inch water pipes from the intake farther out into the canal, at 15-ft. depth.

In other actions, Commission: INSTRUCTED CITY Attorney Claude Jones to draw up an ordinance revoking the original Lake Shore Subdivision profile drawn up by John Pickett and adopting a new one by K. C. Mock, upon the request of Irvin Zumpf, and agreed to regrade the streets if Subdividers Zumpf and Rawls remove the materials;

HEARD the report of the new recreation committee chairmaned by Mrs. Ruth Wedgworth, and voted to have an ordinance drawn covering the duties of the committee and its responsibilities in relation to various recreational subcommittees;

VOTED to wire Gov. Leroy Collins, SRB Chairman Wilbur Jones, and the Palm Beach County legislative delegation in support of repaving the Belle Glade-Six Mile Bend Rd. and the Belle Glade-South Bay Rd., and to commend the County Commission for its previous efforts in requesting repair of those major arteries.

VANDALS —

(Continued From Page 1)

Todd, James Merrell, Louis Walker, Ralph Myers, and Gamble houses show an adolescent touch, Construction Superintendent Wiley Tillis believes.

After 10 p.m.

One thing the builders know for sure, he said, was that the damage was done after 10 p.m., because at that time, one owner had been down looking over his

house, and nothing was disturbed.

Worst damage was to walls and ceilings, which in a gouged and kicked condition can be patched, but must now be painted to cover the patching. Plans originally called for a light-tone finished plaster; the painting now comes as an additional cost. The houses were not insured.

Two footprints were found, Tillis said, one against a wall and one in sand outside a house.

He discounted the theory that labor trouble had caused the vandalism, pointing out that a trained adult eye would have seen other means of successfully wrecking the houses, and wouldn't have resorted to the childish actions evidenced in this case.

Police Chief Leon Guthrie said there was no break in the case yet, but "we have some prints."

In a statement to the OBSERVER yesterday Tillis said "Is this a democratic America or a Communistic Russia? The damage that was done Saturday night to the five newly constructed Pahokee Builder's houses brings you and me and every other true American citizen to face this question. 'How long will we continue to enjoy the American way of life.' Surely such rotten principles are far from those which our forefathers fought, bled and died for. I say to you, 'Do you love and regard the principle of the Golden Rule?' What has been done here is costly. . . costly in many ways. No it hasn't cost you. . . not yet but please remember that Tuesday follows Monday and be sure your sins will find you out for 'whatsoever a man soweth so shall he reap.' 'Father forgive them for they know not what they do.'"
